B. Plan4Health Initiative

The Plan4Health Initiative is a program sponsored by the American Planning Association (APA) and the American Public Health Association (APHA) that aims to increase opportunities for daily physical activity. In early 2015, the Planning Department, in partnership with Reach Healthy Communities, was 1 of only 18 communities across the United States to receive grant funding from APA/APHA to implement a Plan4Health project. Planning Department staff will provide a summary of the project currently underway that aims to increase daily physical activity by improving bicycle and pedestrian infrastructure.
